

the time is right

**a dec**<sup>®</sup>

## The Chair

Choose from two styles of upholstery: seamless and sewn. Each offers a different look, yet both provide an exceptional level of access and comfort. The chair's top features include:

- 60° swivel
- comfortable, ultra-thin backrest
- double-articulating headrest
- 40 upholstery colors
- quick-release armrests

## Delivery and Support Systems

Cascade<sup>®</sup> Traditional- and Continental<sup>®</sup>-style delivery systems come as pre-configured solutions or build-up selections. For the assistant-side, you can choose a vitreous china cuspidor, telescoping-arm or cuspidor-mount assistant's instrumentation, pivoting tray holders, and dental light. Other features and options include:

- integrated chair touchpad
- dual-voltage intraoral light source
- system compatibility with 2" post adapters
- fully autoclavable assistant's instrumentation

## Additional Options

From handpieces to small equipment, Decade Plus offers everything you need to perform effective and efficient dentistry. Choose from:

- highspeed handpieces with LED lighting
- full selection of precision attachments
- built-in electric motor, intraoral camera, scaler, and curing light

**Decade<sup>®</sup> Plus**

# value

It's the right time for a new Decade of options. Explore the possibilities starting with a streamlined chair, productivity-centered delivery system, and convenient choices. Combine the standard features and options you'd expect on higher-priced equipment. Then back it all up with service that's second to none, and you have Decade Plus: a complete and competitively-priced solution designed to make your treatment room a fine-tuned work environment.

**quality • proven reliability • exceptional value**

# versatility

Need a new stand-alone chair? Want to replace the delivery system on your existing chair? Or are you looking for a whole new chair and system package? With Decade Plus, you can now choose the solution that meets your specific requirements. The choices, the versatility—they're both yours. Right now.

**stand-alone choices • full-featured systems**

# comfort

Less means more. And that's especially true for the Decade Plus chair backrest. At only 1-1/2" (38 mm) thin, it provides easier access and allows you to lower your hands into a more comfortable operating position. And once your patients experience the chair's soft cushioning, smooth motion, and supportive armrests, they might just ask to spend more time in the chair.

**ultra-thin back • comfort for team & patient**
